

Circulator pump

ECP 25-40 / ECP 25-60

CIRCULATING PUMP

Features

- Brushless EC motor driven.
- Integrated motor & controller, plug & play.
- Digitalized user interface for quick set-up.
- Built-in smart speed control with 7 adjustable curves.
- A-class energy ranking, high energy performance.
- Cast iron or stainless steel options for different user preference.
- Conform to 2014/30/EU, 2014/35/EU, 2006/42/EU directives.

Technical Data

Model Name	ECP 25-40	ECP 25-60
Max. system pressure	10bar	
Max. operating pressure	10bar	
Pump material	cast iron / stainless steel	
Liquid temp range	5-110°C	
Operating temp	0-40°C	
Max. flow	2600L/h	3200L/h
Min. power input	4W	4W
Max. power input	23W	40W
Operating voltage	220-240V	
IP rating	IP42	
Insulation class	F	
Energy class	A
